NAUTICAL FIX SOLUTIONS INC.

YOUR PARTNER IN
REPAIR & MAINTENANCE

www.nauticalfs.com

INTRODUCTION

NAUTICAL FIX SOLUTIONS INC, established in 2023 in Yalova, Türkiye, provides professional ship repair and maintenance services for a wide range of vessels. With hands-on workshop expertise and disciplined repair processes, we deliver reliable, efficient, and safety-focused solutions.

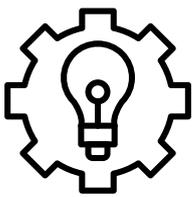

Our commitment is to support uninterrupted and secure operations at sea through quality workmanship and technical precision.

Sincerely,

NAUTICAL FIX SOLUTIONS INC.

www.nauticalfs.com

OUR VISION

Our vision is to be a trusted reference in the maritime industry by delivering reliable, high-quality ship repair and maintenance solutions, and to extend our expertise from Türkiye to global waters.

OUR MISSION

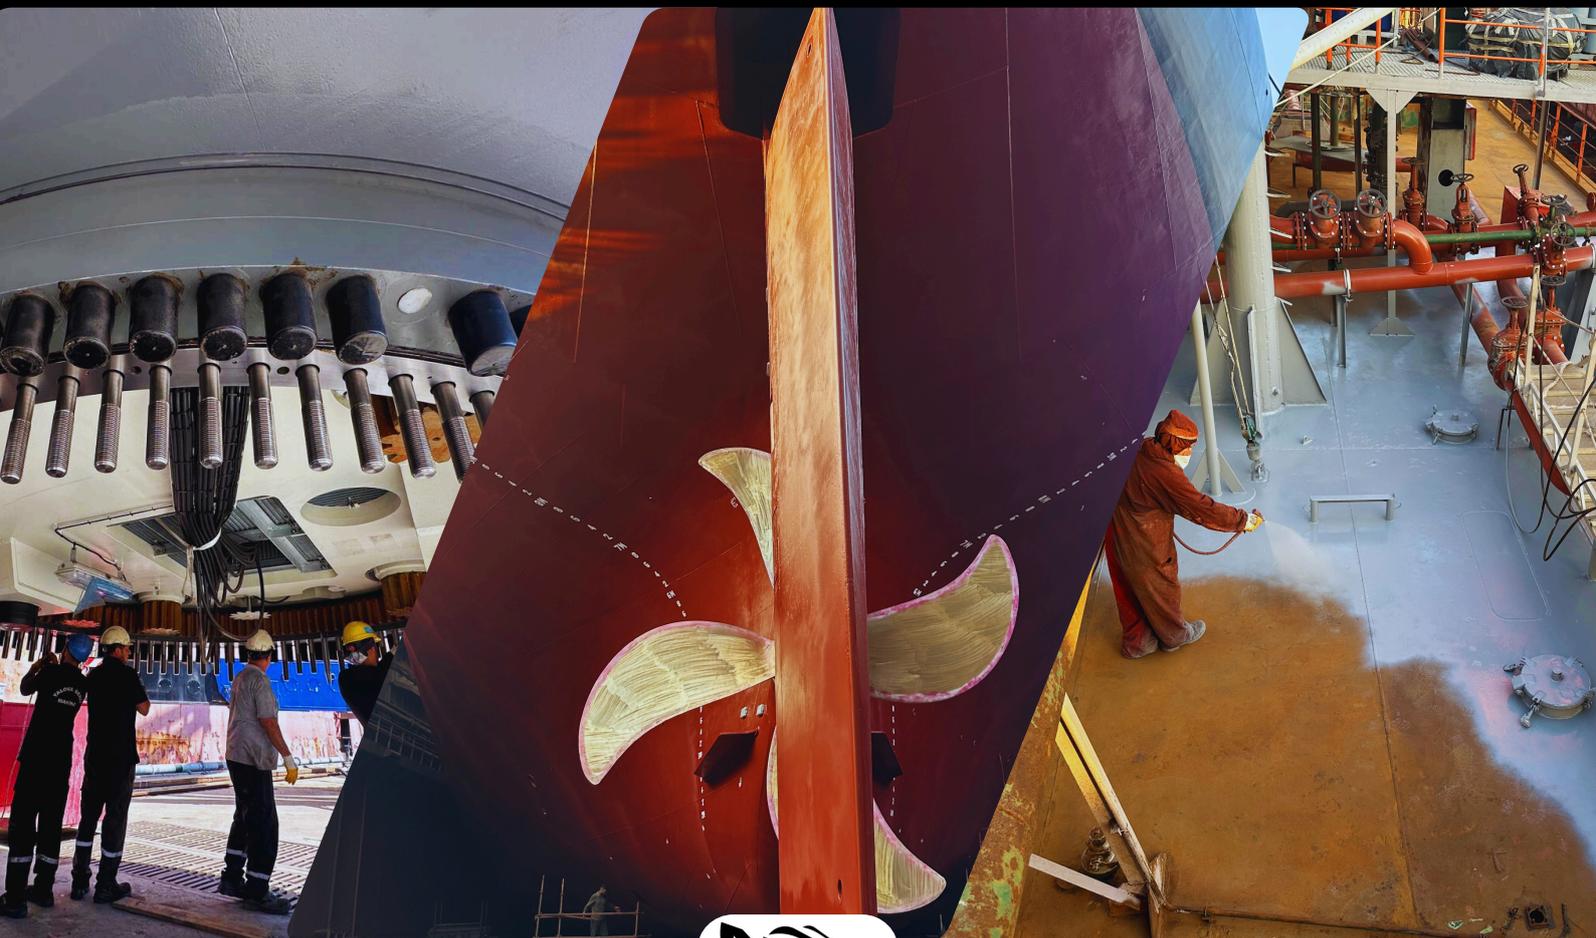

Our mission is to ensure the operational continuity and safety of vessels by providing comprehensive repair, maintenance, and refurbishment services. Through our workshop and on-site capabilities, we deliver every project with precision, responsibility, and commitment to international standards.

OUR WORK

Explore our work across Ballast Water Management Systems, IMO retrofit solutions, dry dock operations, coating, mechanical, and steel works.

www.nauticalfs.com

CONVERSION AND MODERNIZATION WORKS

Liebherr CBG360 Crane Retrofit

- 30 tons @ 36 m (grab operation)
- 45 tons @ 36 m (hook operation)
- New generator units and an aft deck generator room installed, together with full piping and electrical integration.
- This upgrade increases operational versatility, allowing the vessel to operate as a floating hangar in open waters.

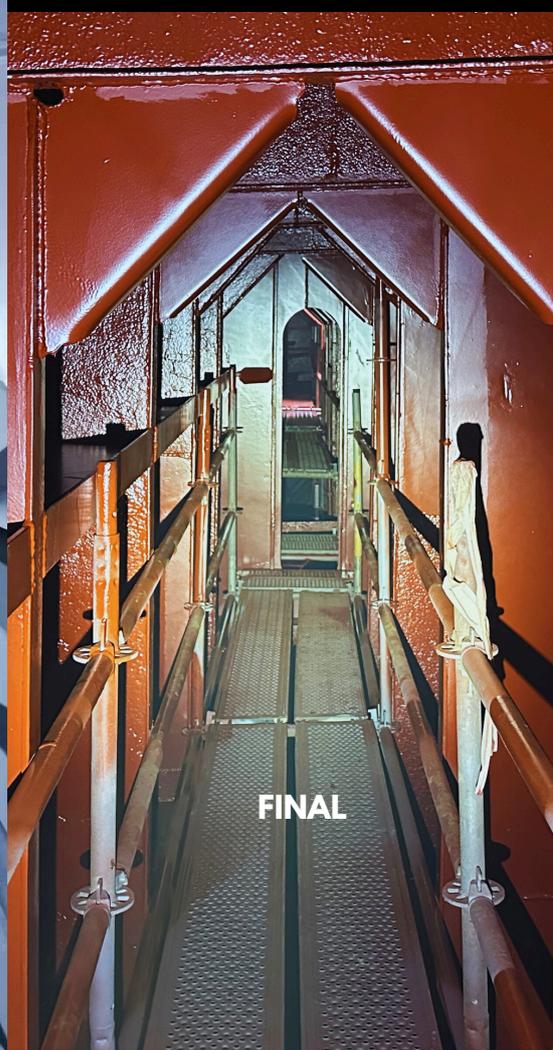

PRE APPLICATION

FIRST COAT

FINAL

COATING WORK

Surface preparation, grit blasting, and marine coating applications carried out to ensure long-term corrosion protection and enhanced durability of hull, deck, and structural components.

MACHINE WORK

Execution of main engine overhauls and mechanical system upgrades, ensuring operational reliability and performance efficiency.

DRY DOCK OPERATIONS

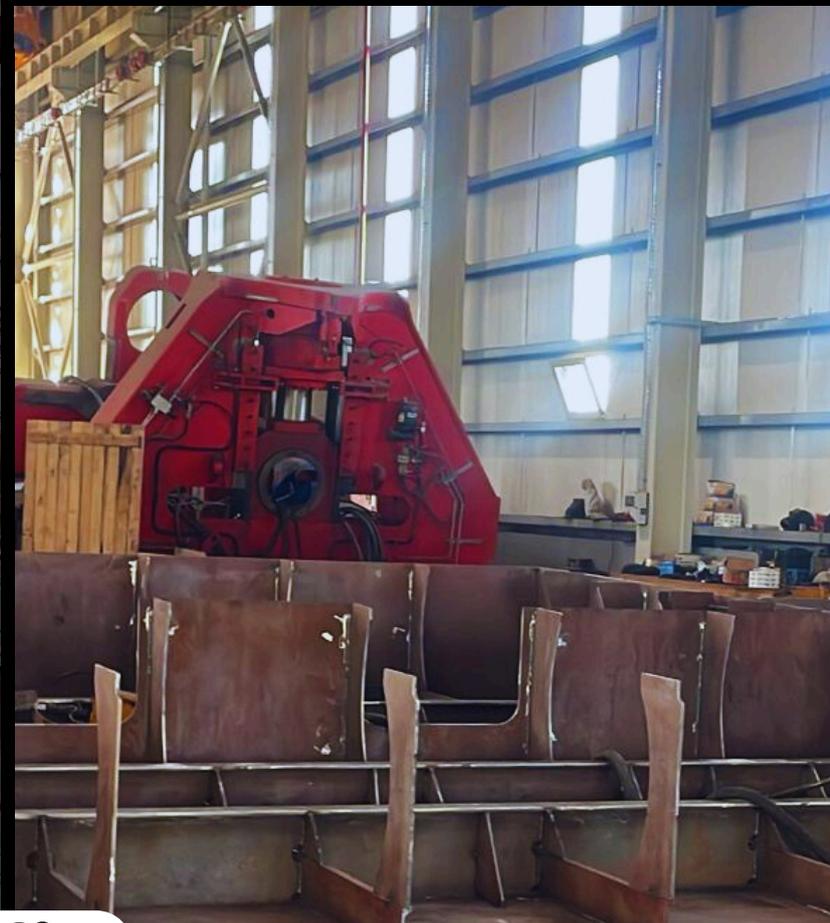

Dry dock projects including hull maintenance, anode replacement, and structural inspections.

STEEL WORK

Comprehensive steel works including structural reinforcements, deck and bulkhead repairs, and custom fabrication of foundations, supports, and marine components.

OUR WORKSHOP

- CNC Milling Machine – medium to large-scale components
- Forklifts – 3 / 5 / 7 tons load capacity
- Overhead Crane up to 10/20 tons lifting capacity
- MIG / MAG Welding Machines

OUR OFFICE

Our offices include meeting rooms and functional spaces designed to support, planning and efficient communication.
